

I am thrilled to announce that we will be offering Puppetoon! for a 30-day free trial.

Now, in this digital age, we are at a crossroads with our children, youth and families.

In a world where digital media consumption is steadily rising face –to–face communication, team collaboration, creativity, and critical thinking skills are at an ongoing risk.

That's why we created Puppetoon! and you can try it free for 30 days!

Puppetoon! is a flexible, collaborative tool designed to help you address a variety of curriculum outcomes.

Tools that help nurture the 4Cs – communication, collaboration, critical thinking and creativity – and that can be used by individuals or groups. Where children are *active* communicators.
