Dayton Rogers Manufacturing to Be Featured on National Television Series *World's Greatest*

MINNEAPOLIS, MN--July XX,2026--Dayton Rogers Manufacturing, a family-owned leading provider of precision metal forming and short-run metal stamping solutions, will be featured on the nationally televised program *World's Greatest*, airing on Bloomberg Television on July 18 and July 25, 2026 at 2:00 PM EST.

Founded in 1929, Dayton Rogers has built a reputation for engineering excellence, innovation, and manufacturing expertise. Filmed at the company's Minnesota Division, the *World's Greatest* segment highlights the company's engineering expertise and advanced manufacturing capabilities through a look at its four U.S. production facilities—located in Minnesota, Ohio, South Carolina, and Texas--and the industries they support.

"We're honored to be featured on *World's Greatest* and to share the Dayton Rogers story with a national audience," said Stephanie Lowry, CEO of Dayton Rogers Manufacturing. "This segment really showcases our expertise, dedication, and advanced capabilities that allow us to help customers succeed in industries ranging from aerospace and medical to construction and recreation."

A preview of the upcoming segment is available now on YouTube:
