Pinty to Make SHOT Show Debut in 2027, Expanding Global Dealer and Distribution Network

Pinty will exhibit at SHOT Show for the first time at Booth #40528, showcasing its latest PCP airguns while seeking new dealer and distribution partnerships worldwide.

LAS VEGAS, NV — January 2027 — Pinty, a shooting sports brand established in 2017, will make its first appearance as an exhibitor at SHOT Show 2027, marking an important step in the brand's continued expansion in the U.S. and international markets.

Visitors can meet the Pinty team at Booth #40528, where the company will showcase its latest PCP airguns and accessories.

Since its founding, Pinty has focused on developing accessible shooting products that balance performance, practical features, and value. In recent years, the company has continued to expand its PCP airgun lineup while building relationships with retailers, dealers, distributors, creators, and shooting sports communities.

SHOT Show 2027 will provide Pinty with an opportunity to introduce its growing product portfolio to a wider industry audience and, more importantly, connect directly with potential business partners from around the world.

"This is Pinty's first time exhibiting at SHOT Show, and we see it as an important opportunity to meet our existing partners in person while building new relationships across the industry," said **Kevin**, **Marketing Manager** at Pinty. "We are actively looking for dealers and distributors who are interested in growing with us."

At Booth #40528, dealers and distributors will have the opportunity to learn more about Pinty's current product lineup, preview upcoming releases, and discuss potential retail, wholesale, and distribution opportunities for 2027 and beyond.

Pinty welcomes dealers, distributors, retailers, media representatives, creators, and other industry professionals to visit the booth during the show. Partners interested in a more detailed business discussion are encouraged to schedule a meeting with the Pinty team in advance.
