

Game Time Bling offers a variety of licensed and non-licensed school-color and sports-themed jewelry.

In April 2016 Game Time Bling was acquired by Dreamtime Creations of Aurora, MO. Dreamtime Creations has been serving the crystal embellishment market since 1989 and specializes in the dancesport, jewelry, and performance wear industries. They are one of just a handful of Authorized Swarovski Resellers, a distinction that Swarovski provides to only those companies that meet a stringent set of requirements. Along with a vast selection of crystals, Dreamtime Creations also carries the supplies and accessories that go along with crystal embellishment in the DIY market.

Dreamtime Creations is excited to enter the college market and with their backing and support we are poised to expand Game Time Bling to a much broader audience.
