Release: Platinum Tooling Technologies, Inc.

EXTENSIVE TOOL OFFERING FOR MACHINE SPECIFIC TURNING CENTER BRANDS FROM HEIMATEC

Standard live tools in stock for immediate delivery from Platinum Tooling for DMG Mori, Doosan, Haas, Mazak, Miyano, Nakamura, and many other popular machine brands.

Platinum Tooling, the exclusive North American importer for Heimatec live tools and angle heads, today announces immediate availability of live tooling for most popular turning center models including DMG Mori, Doosan, Haas, Mazak, Miyano and Nakamura. According to Preben Hansen, president of Platinum Tooling Technologies, Inc., "We are now carrying a substantial inventory of live tools for our customers' machines. It represents a significant financial and warehouse space commitment that we have made to support the North American machine tool market."

Hansen added that the company will be announcing its in-stock arrangement for many other lines of machine tools, moving forward, including Biglia, Hwacheon, Hyundai, and SMEC. Platinum Tooling Technologies, Inc. serves its North American customers with a full team of manufacturers' reps, plus its Chicagoland facility provides sales and customer service support, application and engineering advice as well as repair services for the company's line of live tools.

Literature detailing all the Heimatec products is offered at the company's website, www.platinumtooling.com. Interested parties may also contact the company directly with inquiries.

For further information and brand-specific literature, or to arrange a demo on any Heimatec tools, please contact:
