"SCIENCE IN ARMS"

ELECTRONIC ACCESSORIES for NEXT GENERATION FIREARMS

Miami, FL -- **Rade Technology Corporation (RadeTec) is a truly unique and specialized company dedicated to NEXT GENERATION FIREARMS.** Offering advanced technology electronics integrated directly with the firearm itself, RadeTec has developed groundbreaking innovation that amplifies the shooter and gun interface.

From SMART SLIDES and MAGAZINES to SMART GUNS and SMART RANGES, RadeTec products provide shooters (and trainers / instructors) with real-time firearm status and shooting data during active operation. Unique product features include 'HOT CHAMBER' notification, hands-on safety controls and personal-use only firearm activation. Serving military, law enforcement and OEM markets for the last decade, RadeTec is now introducing some of its products to the retail / wholesale marketplace. Welcome to the future!

A quick peek at a few of the products being introduced:

- **SMART SLIDES**
    - **RISC** – Shot Counter and Ammunition Monitor (easily snaps onto GLOCK slides)
        - Multi-Function LCD Display
        - Automatic Activation upon Firing
        - Ascending / Descending / Total Shot Counter
    - **RISCpro** – Smart Magazine and Shot Counter (G17 / G19 – Gen4 / Gen5)
        - Multi-Function OLED Full-Color Display
        - Chamber Cartridge Status ('HOT CHAMBER detection)
        - Magazine Ammo Status and Open Chamber Status
        - Full Shot Counter (Ascending / Descending / Total Shots)
        - Rechargeable Battery
    - **SMART SLIDE** – Custom Slide w/ Fully Integrated RISCpro (G17 / G19 – Gen4 / Gen5)
        - Drop-In Slide that Replaces Original GLOCK Slide
