FOR IMMEDIATE RELEASE

AUTOMATED MAGAZINE LOADER

SAVE YOUR THUMBS – THEY SEPARATE US FROM THE ANIMALS

Miami, FL -- Rade Technology Corporation (RadeTec), a manufacturer of advanced electronic accessories for firearms, is pleased to introduce its new Automated Magazine Loader -- **MagStation 9x**. Designed for fast and easy loading of 9mm cartridges, the MagStation 9x offers some unique features that make it exceptional to its task:

- Digital Counter and Display
- High Speed Loading (approx. one round per second)
- High Capacity Hopper (200 rds)
- Socket Plug and Battery Powered (portable option)
- Universal Mag Dock (accommodates most major brands)
- Hands-off Auto-Feed
- Enough Torque for 40rd Magazines
- Accommodates Double-Stack Pistol Mags

The MagStation 9x can be seen at the SHOT SHOW **NEW PRODUCT PAVILION**, as well as the RadeTec booth #14730. Learn more...and SAVE YOUR THUMBS!
