MIRTEC'S BRIAN D'AMICO RECEIVES 2015 TOP CEO AWARD FROM SMT TODAY DURING SMTAI

September 2015 – MIRTEC, “The Global Leader in Inspection Technology,” announces that Brian D’Amico of MIRTEC’s North American Sales and Service Division was awarded TOP CEO by SMT Today Magazine during the recent SMTA International Conference & Exhibition. The award was presented to D’Amico on Tuesday, Sept. 29, 2015 at the Donald Stephens Convention Center in Rosemont, IL. The TOP CEO Award recognizes an individual who, through their leadership and their achievements, have distinguished themselves by making a significant and lasting contribution to the world of electronics manufacturing.

D’Amico has over 33 years of experience in the electronics manufacturing and test equipment industry. In 2004 he and his partner, Chanwha Pak, established MIRTEC’s North American Sales and Service Division. Leading a team of talented sales and support professionals, D’Amico has achieved remarkable success in making MIRTEC inspection systems a recognized leader throughout North America.

“It is both an honor and a privilege to be presented with SMT Today’s TOP CEO Award for 2015. It gives me great pleasure to accept this award on behalf of our valued customers for their business confidence and loyalty to our products and services. I also wish to thank MIRTEC’s outstanding team of sales, support and engineering professionals for their unwavering commitment to excellence, and my partner, Chanwha Pak, for his encouragement and friendship throughout the years. It has been an extraordinary journey together as we continue to work toward a unified goal of becoming the number one provider of automated inspection equipment to the electronics manufacturing industry,” stated Brian D’Amico, president of MIRTEC’s North American Sales and Service Division.

SMT Today, a high quality publication created for the global electronics industry, introduced the awards program to recognize, acknowledge and celebrate outstanding personal achievements and innovation within the electronics manufacturing industry during 2015. Winners were selected through an online voting process by members of the electronics manufacturing industry.
