

**We Serve The World,PCB Manufacturing&Assembly**

*Raise working efficiency*

*Lower procurement costs*

**Advanced PCB & PCBA technology service**

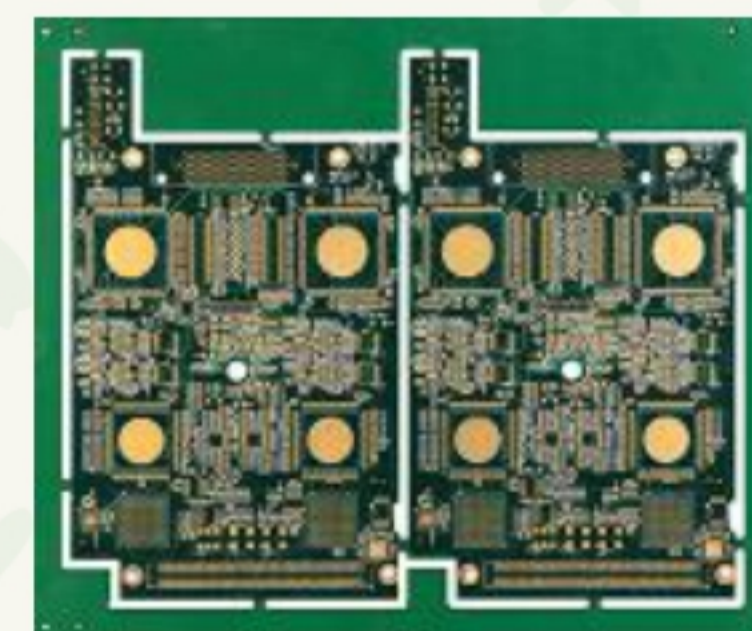

**SHENZHEN SPRINT CIRCUITS TECH CO., LTD      SPRINTPCB TECHNOLOGY US INC.**

**Professionable Pcb&pcba Manufacture Of Stable And Durable Products**

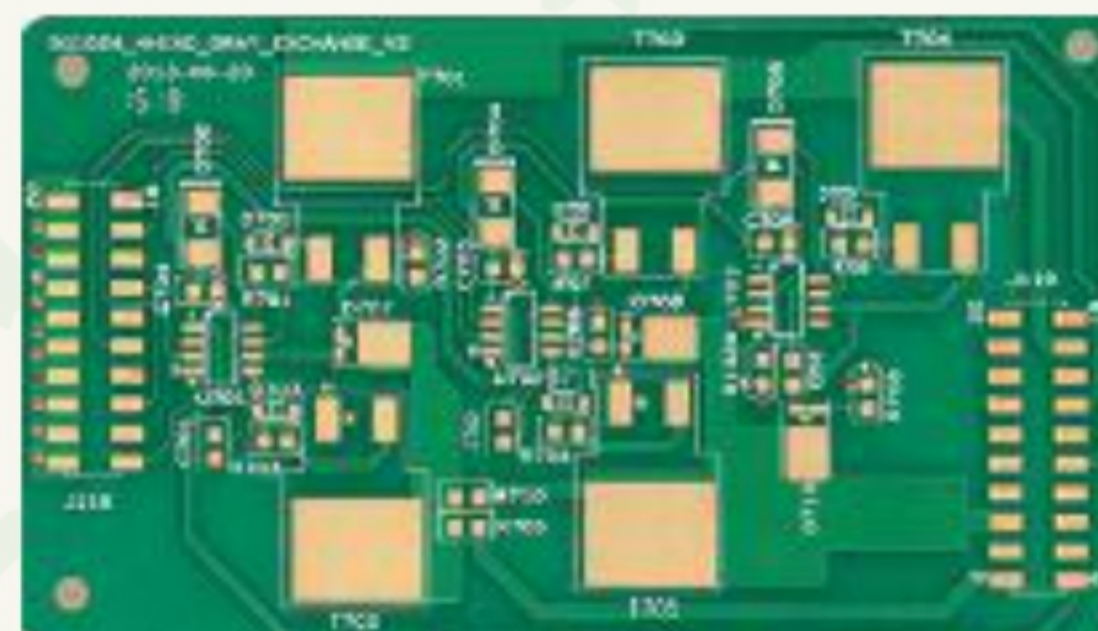

**SprintPCB** : established in 2007 and is a professional PCB&PCBA manufacturer, Headquarters in Shenzhen city of china, committed to provide top-quality and 100% reliable PCB&PCBA . Two factories in shenzhen And our Sales offices set up in Beijing, Shanghai, Chengdu, Shenzhen and Irvine of America.

*Quality and Speed*

**Standard PCB**

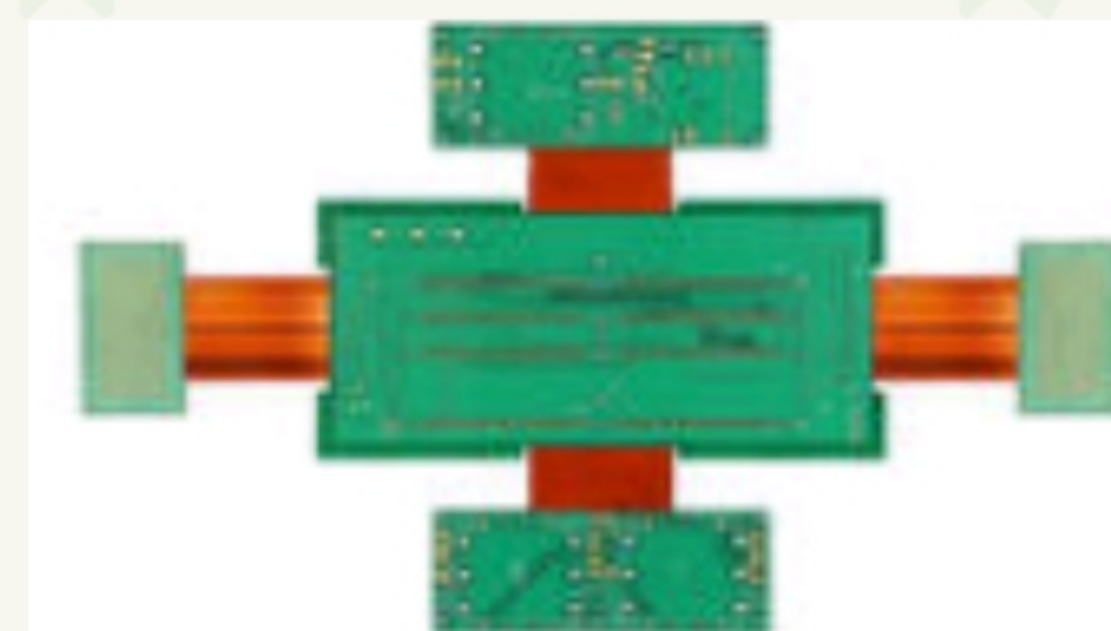

**Metal Substrate PCB**

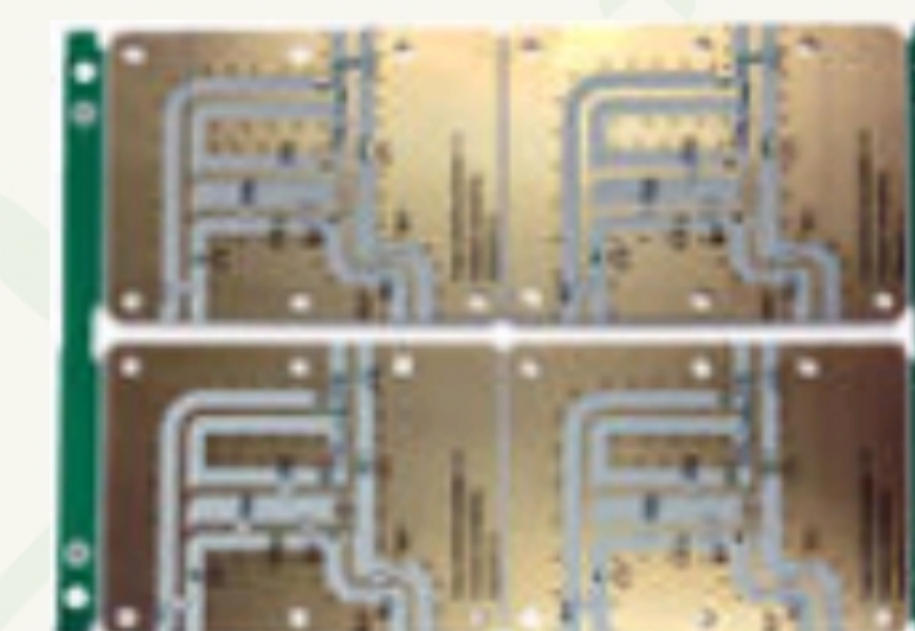

**HDI PCB**

**Rigid-flex PCB**

**HF PCB**

**"Efficiency From Profession, Quality In Priority" Is Our Persistent Service Philosophy.**

**Our Products are widely used in variety of industries, including: Industrial, Computers , Medical, Aerospace,Communication. AI and Automotive industries.**

The stability of our good quality with on time delivery brought us high recognition from worldwide customers.

**Capabilities :**

-Rigid PCB 2-40Layers, rigid-flex PCBs Metal Based PCB,High frequency PCB board,HDI PCB ,SMT Service

**Quality certificate :**

IATF16949:2016, Iso 9001 ,UL( NO.:E333158) ,GJB 9001:2009

**Materials :**

FR4,High frequency PTFE(TEFLON),Aluminum base materials,copper base materials ,ARLON, ROGERS...

**Lead time :** proto type 2-6Days, small quantity 7-10 days volume production;10-15days

**Value added service :** Stocked in USA company,One-stop service.from prototype to volume production , save your time and cost.

good quality with a fast on time delivery at an extremely competitive price is our advantage over the competition.

Our ongoing goal is to assist our customers achieve the high quality product with the competitive advantage in their industries. Your achievement is our commitment. SprintPCB is the most reliable partner of you!
