

ITEQ Corporation

INNOVATION. TEAMWORK. EXCELLENCE. QUALITY

September 1, 2021

ITEQ Corp, a leading supplier of Advanced Electronic Materials is pleased to announce the appointment of Toryon Technologies Inc. as the sole distribution agent in North America. Toryon Technologies brings many years of PCB industry support and knowledge to the market. Toryon Technologies currently has distribution hubs in Illinois, Minnesota, Nevada and Arizona with future plans to add an additional hub in California.

Alan Cochrane President of ITEQ North America noted that “Toryon has shown to be committed to properly supporting the North American marketplace with the incorporation of Class 1 cold storage along with a significant level of automation. This automation will enable proper support for the North American QTA market.”

Please utilize the contact information below to address your future Electronic Material needs.
