

Orderhive is exhibiting at IRCE 2016 in Chicago

03 May 2016 | [WhaTech](#)

The competition in the online selling world is increasing day-after-day; make sure you don't lose an opportunity to stay on top by joining Orderhive at IRCE 2016.

Orderhive, an inventory and order management software company will be exhibiting at IRCE (Internet Retailer Conference+ Exhibition) June 7-10, 2016 McCormick Place West, Chicago.

What sellers need to know about IRCE?

IRCE brings together hundreds of eCommerce experts and sellers from across the globe to share the industry expertise. Among the many benefits, one of the most important reasons for sellers to attend this giant exhibition is to gain better and innovative insights on trends and technology being used in the eCommerce industry.

IRCE 2016

With the session focusing on new trends in retail marketing to latest SEO techniques, the diverse group of 200+ speakers will ensure the agenda has a wide appeal on attendees at IRCE 2016.

Orderhive's contribution at the IRCE 2016

Orderhive lately ranked #1 Inventory Management Software inGetApp Q2, 2016, is offering online sellers with smart solutions to reduce efforts and costs spend behind those daily eCommerce tasks.

"We are pleased to be exhibiting at IRCE, 2016," said Jayneel Patel, CEO at Orderhive. "The exhibition will give us a wider opportunity to showcase our software to attendees and help them with solutions they are looking for. Our focus is to update online sellers with the latest features and [Orderhive Plus](#) (Enterprise multi-channel software), which can help them reduce time and improve accuracy, both" added Jayneel Patel.

Orderhive will be demonstrating their solution at [booth #584](#) in the IRCE exhibit hall.

You can also schedule a meeting with Jayneel Patel
