

Clearbridge Mobile Named a Top Canadian App Developer By Leading B2B Research Firm Clutch

The leading mobile app development firm was selected based on over a dozen factors including experience, client references, industry recognition, and market presence.

Toronto, ON ([PRWEB](#)) August 05, 2015 -- [Clearbridge Mobile](#), an award-winning mobile app design and development studio, was recently named a Top Canadian App Developer by Washington, DC-based research firm Clutch. The list is based on a proprietary methodology that maps each company's focus on app development and UI/UX against their ability to deliver world-class results for clients.

"We're excited to be featured as one of the best app development companies in Canada," said Clearbridge Mobile CEO Deepak Chopra. "It speaks to our depth and ability to deliver premium quality world-class mobile solutions to our robust list of startup and Fortune 1000 clients."

Clearbridge Mobile's inclusion as a Top Canadian App Developer comes after a strong year in the mobile app space, with the company winning 2 Webby Official Honoree Awards on top of a Creativity International Award, and launching a first-of-its-kind touchless payments platform.

"Our Canada application development research is a new research category, but has shown to be a very competitive one" stated Ryan Stevens, the Lead App Development Analyst at Clutch. "The firms featured in this research are on the cutting edge of application development. With Clearbridge Mobile's long list of excellent clients and their proven ability to deliver outstanding work, I expect we will see Clearbridge Mobile at the head of the pack for some time to come."

The full list of Top Canadian App Developers can be found on [Clutch's Leader Matrix](#).
