GRAND RAPIDS, MI – 2/90 Sign Systems has been providing wayfinding solutions for over 40 years. Their sign systems respond quickly and clearly when change happens. In addition to changeable signage, 2/90 is excited to introduce a new line of social distancing products to help America get back to work including acrylic protective barriers.

In Germany, it is polite to say “gesundheit” after someone sneezes, which means “health”. 2/90 Sign Systems introduces Gesundheit™ Protective Barriers to help stop the spread of germs and promote good health. Gesundheit™ Protective Barriers are constructed of clear ¼” acrylic. Three standard options include a small and large freestanding tabletop version with pass-through and a panel mount version that attaches with screws. Other shapes and sizes are available.

About 2/90 Sign Systems:

For over 40 years, 2/90 Sign Systems has been an industry leader providing solution-based architectural signage systems. We offer a turnkey solution for customers by providing interior, digital and exterior signage along with wayfinding, installation and maintenance services. We are the partner-of-choice to many prestigious healthcare, corporate, educational, hospitality and federal government facilities. 2/90 is also available through GSA Schedule (GS- 07F-0265N).

2/90 Sign Systems is an ESOP (employee-owned) company with over 100 employees dedicated to producing quality signage products and exceeding our customers' expectations. Please visit [www.290signs.com](http://www.290signs.com) for more information.
