

Introducing 2020 Office v2020

Grand Rapids, MI, USA, May 15, 2020- 2020 is excited to announce the 2020 Office v2020 annual release. In this latest release, 2020 Cap receives support for AutoCAD 2021, 2020 Cap Complete receives updates to the underlying CAD engine, and 2020 Worksheet receives some exciting customer requested updates to navigation and product selection.

“Our annual releases are driven by our commitment to providing customers with the very latest enhancements and features available,” says Product Manager Cindy Maple. “With updates to 2020 Cap, 2020 Cap Complete and 2020 Worksheet, this release provides designers the tool to be even more efficient. We’re also very pleased to offer online training to provide a more complete and up-to-date resource for our customers.”

2020 will be hosting a [webinar](#) on June 11th at 2PM (EDT) to give further insight on how customers can utilize 2020 Office v2020 to build their business with the best tools possible.

New Features and Enhancements

2020 Cap 2020 Cap now fully supports AutoCAD 2021, the most up-to-date and advanced version of AutoCAD available. AutoCAD 2021 brings updates to the Drawing History and DWG Compare features, as well as more functionality for the AutoCAD Web and Mobile apps.

2020 Worksheet 2020 Worksheet brings new ways to navigate, select lines and copy & paste. The “current line” and “selected line” definitions remain unchanged, but users can now select and deselect lines and use keyboard keys to copy, paste, & delete in new ways. These changes make 2020 Worksheet more intuitive and faster to build and manage quotes.

2020 Cap Complete 2020 Cap Complete received updates to the CAD system to make it easier to install and uninstall with the rest of the 2020 Office applications. There are also some improvements to the MTP command, stretching capability for 3D symbols, and the ability to plot to PDF.

Training Link Links to Training information in the menus, ribbons, and toolbars of all 2020 Office applications have been updated to take users to a web-based, centralized training location. This location is updated continually and offers the most complete and up-to-date information available.
