Ghent Offers Comprehensive Glass Quick Ship Program

Lebanon, OH - Ghent, a division of GMI Companies, is pleased to expand their comprehensive glass quick ship program, offering the broadest range of options for glassboards available, shipping within 72 hours of PO receipt.

Aimed at helping customers meet tight project deadlines, all Ghent wall glassboards in white and frosted will now drop ship quickly, ready for an easy install, to either a dealer or directly to the end-user. All Ghent boards ship nationwide in worry-free packaging, arriving just as expected.

“Glassboards continue to be the most requested product we have,” said Ashley Blevins, National Contract Furniture Sales Manager. “The aesthetic of glass is unmatched, and this is what our customers want to finish off their space. We’re so excited to be able to meet tight project deadlines to deliver a high-quality product, fast.”

“Through the integrated efforts of our manufacturing, customer service, warehousing and shipping teams, Ghent is able to offer its most requested glass products with a quick and hassle-free approach,” added COO John D’Agostino. “We are keeping these products in stock and available for shipment from our Lebanon, Ohio warehouse, with the targeted shipping time as 72 hours from the receipt and release of an approved order.”

All styles of white and frosted Harmony glassboards with stand-offs and Aria low-profile glassboards, both magnetic and non-magnetic, and all standard sizes up to 4’x10’ are included in the program. Lead times for all other standard glassboards in standard sizes are 7 business days, including those require a color match to a specific color.
