Large Format Retail Imaging Solution

Grab Attention. Increase Awareness.

With a simple poster creation solution, creating large format output has never been easier! From creating anything from promotional signage to advertisements, full color output is sure to grab the attention it deserves. And at 1/4 of the cost and 4 times faster than other technology, why wouldn't you want to add a little color into your store?

So go ahead, get creative!

What's Included?

- imagePROGRAF iPF Large Format Printer
- PosterArtist Lite Software - An easy to use, template driven poster creation software program for PCs that helps users of all levels create professional looking posters, banners and signage. In just four easy steps you can have the poster you imagined.

Why Canon?

- Save time: Print a poster (24"x36") quickly.
- A low cost complete solution
- Print a vibrant, percise full color poster
- Design Assistance: PosterArtist Lite provides over 120 templates plus over 700 royalty free images and clipart to create a design savvy poster in minutes!
