

## THE THRIFTY WHITE ADVANTAGE

The Thrifty White Affiliated Pharmacy Program presents a unique opportunity for independently owned and operated retail pharmacy organizations to partner directly with a group of National Chains. When you become an affiliate of Thrifty White you are joining a different class of trade, the National Chain Class of Trade, one that provides many unique benefits. Thrifty White is part of a network of over 1,200 chain stores, independents, Long Term Care organizations and health systems all working together at maximizing efficiencies and reducing the cost of doing business in every corner of the pharmacy. In an industry that never stops evolving neither should your pharmacy operation.

Thrifty White has developed a "Healthy Outcomes" store model that addresses the needs of today's competitive and ever changing business environment. Focusing on maintaining high Star Ratings, patient centric care, efficient pharmacy operation, inventory control and overall cost reduction, we have the tools to help you remain competitive and profitable.

## TECHNOLOGY AND INNOVATION

Heavily invested and firm believers in implementing technology where it makes sense, Thrifty White will help you evaluate which solutions are right for your pharmacy and take you from evaluation to implementation, assisting you every step of the way. By partnering with one of the most innovative retail pharmacy chains in the country you will have access to comprehensive workflow solutions, pharmacy programs & services, along with support that is unparalleled in the industry today.

## EXPECT MORE FROM THRIFTY WHITE PHARMACY

### BUYING POWER

The Thrifty white Affiliated Pharmacy Program maximizes your buying power through a diversified portfolio of sourcing options. Affiliate Pharmacy Partners operate under our wholesaler Prime Vendor Agreement, which was negotiated on behalf of a mix of national pharmacy chains, health systems and independent pharmacies from across the United States representing \$3 Billion in annual pharmaceutical purchases. Furthermore you will gain access to the Thrifty White Generic Warehouse where we source more than 1,200 generic drugs direct from manufacturers at NET PRICING providing improved cash flow and additional cost savings on your pharmaceutical inventory. We have partnered with multiple national chains, leveraging our size and scale to negotiate direct contract pricing on virtually everything you need to continue to operate your retail pharmacy business successfully and profitably.

### WAREHOUSE FEATURES

- Travel Friendly

# 4 EASY STEPS

SEAMLESS TRANSITION TO A MORE PROFITABLE PARTNERSHIP

- 1 Schedule a visit with the Director of Affiliated Pharmacies. We will come to you because we think it's important to get to know more about you and your operation.
- 2 Submit a full month of pharmaceutical purchases. We will conduct an in-depth analysis and summarize the savings making it easy to understand the value the Affiliated Pharmacy Program can bring to your company.
- 3 Schedule your visit to the Thrifty White Corporate Office. You will have a chance to meet our leadership team, see one of our fully functioning Closed Door Pharmacies, tour our generic warehouse and view the results of the financial analysis.
- 4 Review Contracts and schedule the conversion. We are well versed in what needs to take place to transition a new partner into our Affiliated Pharmacy Program and will manage the process from start to finish.

## 5 STAR RATING

Let Thrifty White Pharmacy help you achieve a better 5 Star Rating.

- Improved Quality Measures
  - Self reporting of moderate to severe pain
  - One or more falls with injury
  - Percent of residents receiving antipsychotics
- Access to reporting tools through industry partnerships

## CONVERSION MADE EASY

We have been partnering with independent pharmacies like yours for well over a decade and are well versed in the process to ensure a seamless transition. From the moment you make the decision to partner with us we will begin gathering all of the necessary information required to bring you into the program, completely removing the burden from you. Our team will handle creating all new accounts necessary, assist with the front end conversion, and complete all necessary enrollments. Prior to your "go live" date we will schedule a visit to your pharmacy and work with you and your staff to ensure everything is properly set up and ready to go.

## MAXIMIZE IMMUNIZATION OPPORTUNITIES
