

# MIMO 300

Your **Stronger** Solution for  
Cash and Coin Recycling.

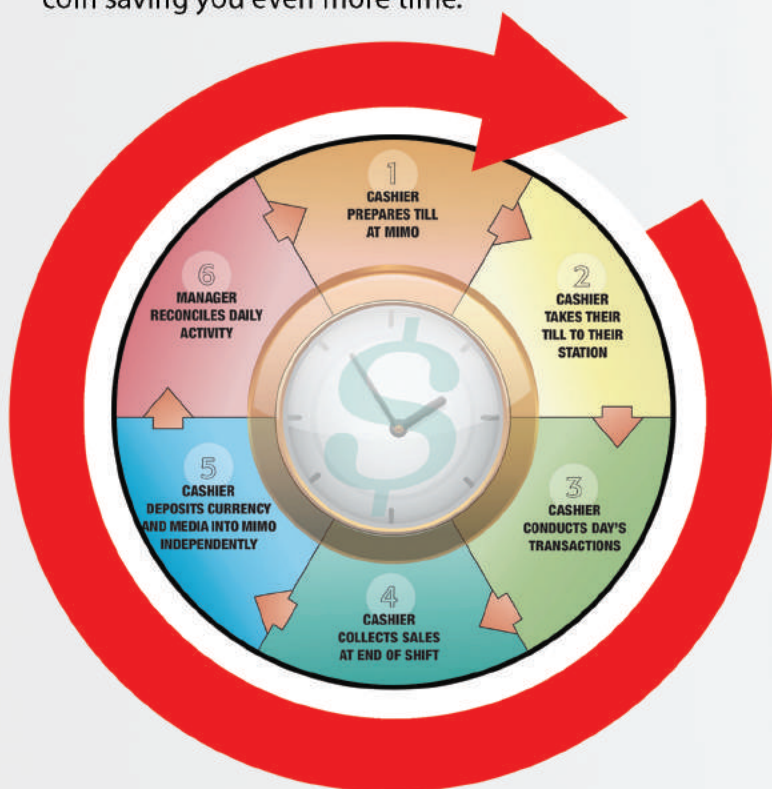

## STOP LOSING TIME.

MIMO 300 was engineered to increase your bottom line by automating cash handling operations for your business. Spending less time counting cash helps you spend more time focusing on your customers and core business. This new generation of cash handling technology has been enhanced with seamless hardware and software upgrades, making transactions **faster than ever**.

After logging in, cashiers only need to **press one button**. A daily bank can be dispensed in **less than sixty seconds**.

Depositing cash, coin, and performing mid-day functions is just as simple. MIMO allows a user to **deposit 300 notes at once**, the largest single deposit amount available in the market today. MIMO simultaneously processes cash and loose coin saving you even more time.

## START FEELING CONFIDENT.

MIMO accepts, dispenses, and validates all cash and coin eliminating the need to have multiple employees count and verify cash throughout the day. **Enforce employee cash accountability** while maintaining the freedom to focus on other parts of your business.

With over **300,000 cash units worldwide**, you can rely on MIMO's accuracy and automate unnecessary cash counting labor. Accounting for your full inventory, including checks, coupons, and other forms of media is easier than ever.

MIMO's superior, innovative software can be customized to meet your specific needs. Our Transfer To Multi (TTM) function will **automatically prepare your bank deposit** without anyone needing to physically touch the cash. Our groundbreaking software knows the exact location of all your MIMO cash and coin, and will transfer your specified funds into one deposit cassette.

## MASTER YOUR MONEY.

MIMO 300 boasts a revolutionary **Back Office Software** program which allows you to securely **monitor inventory from any location**. The entire cash room is at your fingertips allowing you clear visibility of your cash and coin status, access to **detailed reports**, and **Custom Alerts by text or email**. Sleep better at night knowing your cash inventory is under constant surveillance.

Comprehensive reports are exported to your preferred format for **effortless balancing** to your POS system. Investigating cash variances has never been simpler with the only Back Office software **innovative** enough, **detailed** enough, and **accurate** enough for your business.

# FULL CASH ACCOUNTABILITY, SECURITY, AND SPEED. THAT MEANS INCREASED PROFITS.

# GET UPGRADED.

## EXPLORE NEW FEATURES.

With great power comes great responsibility and MIMO 300 is up to the challenge. Our newest generation of cash handling technology boasts **faster transactions** and an **increased cassette capacity** that guarantees your team stays at the top of their game.

MIMO's larger cassettes can also be split to drastically **increase your denomination support**. These new **split recycler cassettes** offer dual denomination functionality giving you limitless cash handling options.

MIMO's optional **Secure Cassette Storage** guarantees that your bank deposit remains protected. The deposit cassette area can be independently locked for restricted access to anyone other than your armored carrier.

Meanwhile, tricky cash jams are a thing of the past with the **improved strength** of MIMO's cash sorting hardware and the dual hoppers in the coin vault provide a capacity of over **29,500 coins**.

With a **built-in receipt printer** and an **intuitive privacy touchscreen**, users can log in with confidence using a magnetic stripe card, a unique PIN, or a barcode scanner.

# TAKE A CLOSER LOOK.

## KEEP IT SIMPLE.

A typical MIMO user only sees four buttons on their screen: **Start, Make Change, Mid-Day Drop, and End of Day.**

That's it. Log in, press one button, and MIMO automatically dispenses a user's preassigned bank. Coin is dropped directly into a till tray and cash is quickly presented in a neat, sorted stack.

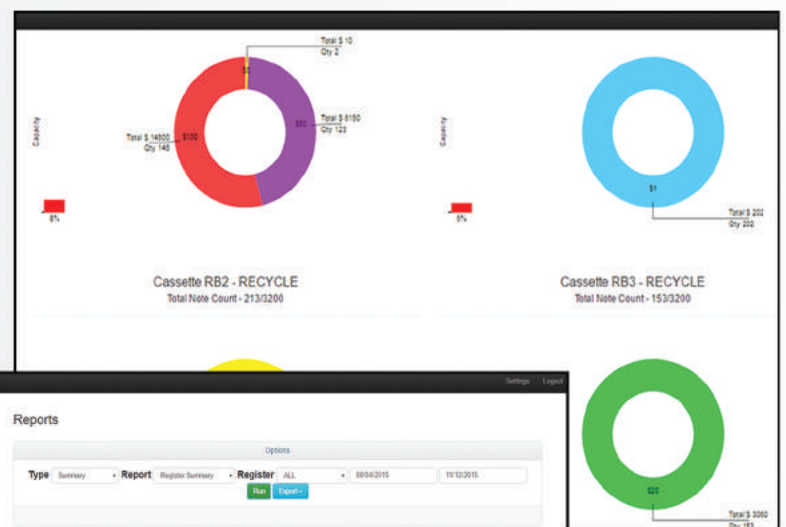

It's just as easy to make change, validate mid-shift deposits, and drop a bank at the end of the day. With the press of one button, cashiers are done using MIMO in less than sixty seconds.

## ELEVATE YOUR BACK OFFICE.

Our unique, user-friendly Back Office Software lets you **log in to MIMO whenever you want.** All you need is an internet connection!

Secure programming allows you to track the activity of any MIMO at your location in real time offering full visibility. You can **print detailed reports, view your current inventory,** and even set up **custom alerts** to notify you when MIMO needs your attention.

Export reports to your preferred format and manage your inventory with just a quick glance at your monitor. **The entire cash room is right at your fingertips.**
