FOR IMMEDIATE RELEASE

April 6, 2016

MADOVAR PAKAGING LAUNCHING A NEW COLLECTION OF LUXURY GIFT BOXES

Montreal, Canada, April 6, 2016. We are excited to announce our new collection of Luxury Gift Boxes. We offer an exclusive selection of box designs and personalization options. Madovar has become well renowned for the collection of black and white soft touch boxes, including a luxury line of gold and silver editions. Furthermore, our clients are able to brand the box thanks to our state-of-the-art printing solutions, featuring spot UV varnish, printing in white and full color. Whether our clients choose to have a magnetic closure box, a removable lid or a sleeve box, we offer design solutions to customize the interior with the objective of presenting and holding the product perfectly in place.

“We all thank you so much! We are grateful customers and love your products. We can't imagine our business without your company's involvement. Go Bilal and Madovar you rock!!”

-Maggie Louise Confections

Our biggest challenge with this client was to manufacture a large quantity of boxes in multiple styles and an intricate print design. We needed to be meticulous in our attention to detail and quality control. This delivery also included custom co-branded corporate boxes, which needed to represent both the branding of MLC's corporate clients and the luxury look and feel of MLC boxes.

Want just a small quantity of boxes? Not a problem, at Madovar we are able to manufacture small quantity orders and ship internationally!

Our company was founded in 2011, manufacturing specialty paperboard gift boxes, printed and hand assembled in Montréal, Canada. Customers are able to order your personalized luxury box on our website at www.madovar.com

If you would like more information about this topic, please contact Madovar Packaging at 1-855-MADOVAR or email at sales@madovar.com.
