

Cannes Fayet

Walking Canes, Collectible Canes... Exceptional and with a Strong Character

www.infiniment-luxe.com

Since 1909, the family-run cane manufacturer Fayet® has defended its authentic character as it manufactures high-quality canes, umbrellas and parasols. Its know-how is made even more precious by its respect for its fine heritage and unique style, without ever floundering in nostalgia. Cannes Fayet®, are symbolic figures of the revival of elegance, restoring the cane's credentials with a vast assortment of fine handles and shafts. Walking canes, system canes (sword canes, canes with secret compartments, etc.), collectors' canes and swagger sticks, creations bearing the Lion mark, the symbol of Fayet®, are made with style in Auvergne, granting each 100% French Fayet cane its own character and originality. In our constant quest to best meet your needs, we have added luxury canes and collectors' canes with fine umbrellas and parasols.
