

It is with great pleasure that we would like to introduce ourselves. WE ARE **"Victoria Lekach",** a graphic and industrial design company focused on Home decor and accessories, bringing to fruition all of life's most beautiful moments into our pieces.

Our primary objective is to transform a simple table setting into a unique space, in which each guest can feel welcome, indulged, and special.

Each piece is born from the simple every day beauty that the artist, **Victoria Lekach**, finds through her travels and imagination, through the different cultures savored, as well as through intimate and memorable moments shared with her family.

Our goal is to bring innovation to home decorating concepts, working with versatile and modern materials like Acrylic and PVC, creating luxurious, unique, and meaningful tabletop accessories.

The beauty of life, details hidden within the ancient monuments from historic cities, symbols that represent beauty and culture, mother nature, and even a simple sheet of paper can become inspiration for a unique piece in the **Victoria Lekach** Collection to be enjoyed by your family at home.

We can create beautiful, personalized pieces for every need, turning a client's aspirations into tangible and unique products.

With great pride, we are including a small sample of one of our current collections, in which we strive to elevate the daily pleasures of life into an object of art and design.

For now, we leave you with our contact information. We look forward to hearing from you and hope to be able to meet and work together with you real soon.

With Warm Regards,

VL Team
