GIFT BAGS

Bag-all makes cool and affordable fabric gift bags. Unlike wrapping paper, the bags can be used - and reused.

TRAVEL/STORAGE COLLECTION

Bag-all also presents a line of stylish travel/storage bags with prints of all things you might want to pack or store.

PHILOSOPHY

Bag-all is a company that believes we all can make a big difference to the environment by doing small things. One of those things is starting to think "reuse".

"Reusing" has been recognized by the US Environmental Protection Agency as the most effective way of reducing waste and saving natural resources. And as an added bonus, reusing saves you money. In the US alone, 4 million tons of wrapping becomes waste each holiday season. Let's start changing this - one reusable bag at a time!
