

MUNITIONS

GPP PARTS ARE MACHINED AND FINISHED FOLLOWING THE HIGHEST QUALITY STANDARDS, THAT WE'VE IMPLEMENTED IN OUR FACILITIES AS PART OF OUR ISO 9001:2015 CERTIFICATION.

Global Precision Parts is registered with the U.S. Department of Defense (DOD) through the System for Award Management (SAM), which has recorded our DUNS and FEIN number and issued a Marketing Partner ID Number (MPIN). GPP also has a Commercial and Government Entity (CAGE) Code issued by the Defense Logistics Information Service (DLIS) as a contractor identifier for companies bidding, or doing business with the U.S. Department of Defense (DOD).

For practical purposes, ITAR regulations dictate that information and material pertaining to defense and military related technologies (items listed on the USML) may only be shared with U.S. Persons cleared by the U.S. Department of State or subject to special exemption. An ITAR Compliance Officer is in-house.

MUNITIONS

GPP MANUFACTURES FOR FIREARMS ORIGINAL EQUIPMENT MANUFACTURERS (OEMS), ENSURING EXTREMELY ACCURATE, RELIABLE AND DEPENDABLE OPERATION WHEN IT'S NEEDED MOST.

GPP has produced hundreds of thousands of precision Bolt Carrier Groups (BCGs) for the AR-15 and AR-10 Modern Sporting Rifles (MSR). The BCG is crucial to the proper function of the MSR and is often considered the heart of the firearm. Everything from the metallurgy, weight and finish can have a serious impact on accuracy, reliability and durability.

Our BCGs are produced using the most precise milling and turning tools and equipment in the industry to instill customer confidence in the quality of the finished firearm. GPP manufactures the .308, 5.56/.223, 6.5 Grendal, 6.8 SPC, and 7.62x39 Bolt Carrier Groups for industry leading firearms makers. GPP parts are designed and manufactured to precisely to print.
