

FOR IMMEDIATE RELEASE

Ignite4K the most versatile waterproof sports action camera

West Palm Beach, Florida – May, 2016

Tornado Tech Products, Inc., a leading manufacturer and distributor of waterproof sport action cameras and accessories today announced the worldwide release of Ignite4K (<http://www.ignitecam.co>), the most versatile and advanced waterproof sports action camera.

“We are thrilled about the new Ignite4K product line. The initial response from our retail partners and consumers has been overwhelmingly positive and they are selling fast. We have added fantastic value at a great price point. Consumers know value and Ignite4K delivers!” says Lee Starusta – CEO, Tornado Tech Products, Inc.

Ignite4K Wi-Fi cameras are available to consumers via a worldwide dealer network. Every camera includes a remote control, 8GB memory SD card, seven mounts, charger, USB cable and a 30-meter waterproof case with a 40-meter also available. These are just some of the features and add-ons that are sure to make Ignite4K a leader in the sport action camera market. Ignite4K cameras are available in five different colors.
