**STAY OUTSIDE**

## Thermal Relief Lotion

*Amazing base layer of thermal warming lotion keeps your extremities warm for hours. Get outside and enjoy your adventure longer! Just apply to your hands, feet, core and/or ears before any adventure. Works best under a layer of socks, gloves and/or hat. Avoid the eye area. Great for any tired or sore muscles after an adventure too.*

## Carefree Cleanser

*All-in-one rinse-less cleanser and toner to cleanse away your sweat and dirt, and renew your skin cells when on any adventure. THE BEST PART IS THERE IS NO WATER NEEDED.*

## Conqueror Cream

*From the Trail to the Tavern — this daily Cream is tinted with glow so it can be used alone or under makeup. Great moisturizer and natural shelter from all elements (wind, sun, and water or snow reflection). Guard + Glamour is great for whatever adventure your day brings.*

## X-treme Cream

*USDA certified organic, thick enough for outdoor girls, this versatile cream is a great moisturizer for the entire body, head to toe, and will leave skin and hair soft and supple without feeling greasy or weighed down. Whatever adventure you face this is the cream you need, it is great for dry skin in the winter, a bike ride in the desert, after a day in the boat, or a hike up a trail. I love it every season of the year!*

## Mountain Mud Masque

*Highly moisturizing masque, this gentle but effective masque uses probiotics and charcoal to clarify your skin. Blended to fight bacteria from your sweat and the environment. The activated charcoal in this will also draw out bacteria, poisons, chemicals, dirt and other micro-particles to the surface of skin, helping you to achieve a flawless complexion and fight acne.*

## Winks + Kisses youthful eye and lip cream

*No more sun-squinting lines or wrinkled lips. This moisturizing and nourishing cream is blended with rich organic seed oils, pumpkin, marula, and baobab oils to help keep delicate skin around eyes and lips looking bright and healthy. The best benefit is this butter keeps you looking youthful. Although this was formulated for fine lines around Lips and Eyes, I like it as an extra anti-aging rich moisturizing boost all over! (Great for the skin under your nose, when your wiping your nose on your glove.) To pretty winks + kisses!*
