Veteran-owned Riton Optics, a Tucson-based company, announces attendance at the 2019 SHOT Show.

It's no secret that Riton Optics has become one of the fastest growing companies in the industry- having outgrown two locations and more than doubling their number of employees in just the last 18 months. After a successful attendance last year in the SHOT "NEXT Generation" area, Riton took an opportunity to display in their own booth at this year's event.

The Riton Booth will be located on Level One of the 2019 SHOT Show in booth #428- conveniently located near the main food and refreshment area for that level and will be serving Black Rifle Coffee in the booth for the duration of the show.
