ARMOR SYSTEMS**
PROTECT WHAT'S YOURS

FOR IMMEDIATE RELEASE
January 2016

Spartan Armor Systems, a leader in body armor innovation and quality, will be displaying a variety of new products for SHOT Show 2019! Stop by booth 4063 see our advances in UHMWPE, steel core, and ceramic body armor. We are also pleased to announce the unveiling of the all new Leonidas advanced plate carrier system. The Leonidas carrier is proudly American Made and Berry compliant! With a host of tried and true features, the Leonidas plate carrier is fit a wide range of operations.

Elaphros Level III Lightweight UHMWPE Body Armor

So light it floats! At just 3.5 lbs per plate, our new "Elaphros" armor lives up to its name which translates to "Of little weight" in Greek. This armor has been through extensive independent testing and is NIJ Certified! Each plate includes our proprietary Encapsaloc coating which is formulated to prevent secondary injuries from bullet fragmentation.

Leonidas Advanced Plate Carrier System

Looking for a quality American made Berry compliant plate carrier? The Leonidas plate carrier is our most versatile platform to date! Here are just a few of the many features:

- Top Zippered Admin Pouch
- Removable cummerbund has a proprietary retained shock cord system to allow stretch while being held in place to stop sagging.
- Front Lower Velcro kangaroo pouch
- Extreme versatility with several PALS web attachment points covering the front, back and shoulders of the vest
- Mil spec laser cut PALS Webbing on the shoulders
- Cummerbund is designed to hold a 6x13 Level IIIa soft armor inside each side.
