

## Holosun Offers Two Booth Locations at 2020 SHOT Show

**City of Industry, Ca (Jan 14, 2020)** - The 2020 SHOT Show is just around the corner and Holosun is delivering with multiple new product releases and lively booth. The show runs from January 21-24 at the Sands Convention Center in Las Vegas, Nevada, and it stands as a major event for the shooting sports industry with everyone present from optics to tactical gear and hunting manufacturers.

The Holosun team is easy to find with two booth locations. The first-floor **booth 1853**, and the second-floor is **booth 10572**. Consumers, reps and industry professionals are all welcome to visit while discussing and testing new products being released for the first time at the show.

Holosun specializes in advanced sights, lasers, and tactical optics that deliver advantages in the field. The sights are lightweight, durable and built with long-lasting batteries and sophisticated solar charging systems for continuous use in the field. With five new product releases this year, the company is pushing the limits of advanced sight systems and showing off the new product designs at the show.

Lodging and transportation are simple in Las Vegas as the tourism infrastructure is designed to handle large volumes of visitors. Staying at a partner hotel, however, can lead to cost savings through show specific discounts. Use the official Shot Show website to find partner hotels and savings opportunities specific to the show.
