

TARGET AT 400 YARDS

TARGET AT 600 YARDS

TARGET AT 800 YARDS

Match your target to the circle that fits for accurate range finding and bullet drop.

No adjustments, no other equipment,  
just *Fit and Fire!*

First focal plane reticle shown above.

Go to [ShepherdScopes.com/shepherd-scope-finder](http://ShepherdScopes.com/shepherd-scope-finder)  
to find the reticle that matches your bullet drop.

Model Info	DRS 3.5-15x45 H-Series
Magnification	3.5 - 15x
Objective Clear Aperture	45mm
Eye Relief	3.1" - 3.6"
Total Turret Travel (FFP)	80 MOA
Turret Adjustment Value	1/4 MOA
Parallax	25 yds - $\infty$
Tube Diameter	30mm
Overall Length	15.28"
Weight	26.8 oz

Introducing the Shepherd DRS Hunter Series 3.5-15x45. This is the next generation of Dual Reticle System technology. The scope is available with Shepherd's patented Range-Finding, Ballistic Drop Compensating reticles as well as a new range-finding Mil Dot version. This allows you to match your bullet and rifle combination to one of our unique reticles for the best moving-target acquisition rifle scope available today. The Shepherd H-series has locking tactical turrets, a 30mm tube, and fully multi-coated extra-low dispersion glass. The DRS 3.5-15x45 has oversized optics to bring through more light, helping shooters who want long range accuracy in any conditions. Our patented DRS technology is built to take you from 100 yards to a mile effortlessly.

# SHOOT FARTHER WITH SHEPHERD

H Series 3.5-15x45 with 30mm tube

Shepherd's DRS™ Series scopes are the best long-range moving target acquisition rifle scopes available today. Our PVD high-density optics deliver a crystal clear image through the entire field of view. The patented dual reticle range finding system is designed specifically for modern rifle platforms that give shooters the fastest one-step range estimator and ballistic drop compensator in the world.

BDC Range finding reticles are available with 18" deer/silhouette stadia circles. Some BDC reticles are also available in sizes like 9" varmint/target, or 24" elk/large game.

BC	Reticle				
	1A	1C	1	2B	2
	Velocity (fps)				
0.40	3530	3230	3050	2920	2850
