PRESS RELEASE

PUMA News 2020 – Knife of the year 2020

For more than 50 years PUMA has been manufacturing one of the classics among the knives: The Skinner.

A special knife that was developed for skinning game, but which is also used as an all-purpose knife for hunting and outdoor activities. The highest quality materials were used for this very special Skinner.

The blade is made of Böhler M390 steel, which is hardened to 61 HRC. The interaction of years of aged walnut wood and the nickel silver bolsters give the Skinner a special eye-catching look.

The Skinner is produced in a limited edition of only 50 pieces.

The knife is delivered in a highly finished collection box with leather sheath, certificate and PUMA cleaning cloth.

Specifications: Art.No. 322020 · RRP: 489,00 € · blade length: 130 mm · blade thickness: 4 mm · overall length: 240 mm · weight: 210 g · grip plate: walnut wood · steel / hardness: Böhler M390 / 60-61 HRC · bolster: nickel silver · sheath: Sattelleder · Design: PUMA Solingen
