

TARGETTACK™

.....

TARGET RETENTION MADE EASY™

PRESS RELEASE:

January 2023

TARGETACK™ LLC WILL ATTEND ITS FIRST SHOT SHOW EVENT IN LAS VEGAS, WITH NEW AND EXCITING PRODUCTS! COME DEMO OUR PRODUCTS AT BOOTH AND BEGIN OFFERING YOUR CUSTOMERS A NEW ESSENTIAL GADGET, FOR TARGET SHOOTING.

Our patent pending **Impact-Hold-Resistant-Shaft** makes adhering paper-based targets much easier, less equipment to carry, no mess to clean up and lowers the total cost of ownership for target retaining devices, across firearms, air-guns and archery target shooting trajectories.

Multiple lengths available! Our 1" shaft TargetTacks are of great use with cardboard, Styrofoam blocks and other substrates used for firearm and air-gun shooting while our 3" shaft TargetTacks are perfect for hay bales and foam blocks!

TargetTacks are Durable and built to withstand repeated use across a variety of different substrates that include: Cardboard, Styrofoam Blocks, Polyfusion Blocks, Poly-wrap Bags, Hay Bales, Foam Blocks and more!

About TARGETACK™

As avid target shooting enthusiasts, we set out to solve nuisances associated with adhering paper-based targets to different substrates across firearms, air-guns and archery industries. We wanted to minimize needing to buy, carry and clean-up extra equipment and materials used in retaining these targets. Hence, developing our patent pending target retaining device called TargetTack™ to solve these nuisances. TargetTack makes target retention easier, reusable, more efficient and enables a lower total cost of ownership for adhering paper-based targets for use with firearms, air-guns and archery trajectories.

**COME DEMO OUR PRODUCTS TO COMPLIMENT YOUR RETAIL BUSINESS
