

KANO LABORATORIES DEBUTS KROIL ORIGINAL PENETRANT AND MICROIL PRECISION LUBRICANT AT 2023 SHOT SHOW

Meet us in Booth #70215

Nashville, TN (Jan. 13, 2023) – Kano Laboratories, makers of iconic Kroil-branded penetrating oils and industrial-grade specialty chemicals, is exhibiting Kroil Original Penetrant and Microil Precision Lubricant at the SHOT Show, Jan. 17-20, 2023, at Caesars Forum in Las Vegas.

“This is Kano’s first time at the SHOT Show and we’re looking forward to connecting with buyers and distributors,” said Grant Branden, Retail Business Development Manager at Kano Laboratories. “Our Kroil Original Penetrant has a loyal following of devoted customers who we’re excited to meet. In addition, we’ll be sampling Kroil and talking about how Kroil and Microil Precision Lubricant can help with firearm cleaning and maintenance.”

These Made-in-America products will be featured at the Kano Laboratories’ booth #70215 at Caesars Forum:

- [Kroil Original Penetrant](#) is a penetrating oil used to free corroded metal parts in the smallest opening, thread, or crevice. Ideal for cleaning a gun bore with standard cleaning brushes and patches and loosening frozen mechanisms from rust and moisture. Kroil Original comes in a liquid and aerosol formula.
- [Microil](#) is a precision lubricant. It can be used on revolver pistols, semi-automatic pistols, rifles, and shotguns to lubricate moving and sliding parts, shiny contact spots, barrels, frames, rails, cylinders, and more.

Founded in 1939 and based in Nashville, Tennessee, Kano Laboratories is the producer of iconic, Kroil-branded penetrating oils and Kano industrial-grade specialty chemicals. Kano Labs has served the outdoor sporting market for more than 80 years. Kroil Original Penetrant and Microil Precision Lubricant are reliably used by outdoor enthusiasts to free corroded metal, loosen frozen mechanisms and lubricate parts.
