"I have been wanting to exhibit at Surtex and am thrilled to be making it happen! I look forward to establishing relationships with creative directors, art buyers and manufacturers and to collaborate with potential new clients about their projects and how I can help bring them to fruition."

Corinne is the founder, creative director and illustrator behind Corinne Haig Designs. Nature is the inspiration for her vibrant and cheerful watercolors of florals, botanicals, animals, and patterns. "Painting has always been my happy place!"

That passion and joy of painting and designing comes through in her bright and uplifting artwork, which is available for licensing on products such as stationery, fabric, apparel, table top, wall paper, bedding, home décor, wall art and more!

Corinne's on-trend designs have been featured on products for home décor, greeting cards/stationery, shower curtains and wall art for major retailers such as Trader Joe's, World Market, Sam's Club, Aaron Brothers, Hobby Lobby and Kohl's to name a few!

In addition to a life-long love of creating art, Corinne brings her expertise as a graphic designer and art director.

"I have combined all of the skills I have acquired on my creative journey. I am able to envision, create and bring to life beautiful designs that are on-trend in the marketplace and in demand by the consumer."

"I enjoy creating and designing beautiful things that make people happy. I hope the joy I feel while creating, translates into vibrant inspiring art!"
