FOR IMMEDIATE RELEASE

Mission First Tactical (MFT) Military-Style MFT Mag® Ammo Crate for Retailers Now Available

MFT makes ordering and displaying MFT Mags magazine easy as “order, place, open and sell!”

Horsham, Pa. (January 2016) – [Mission First Tactical \(MFT\)](http://www.missionfirsttactical.com), innovators and leaders in the design of advanced arms accessories, keeps stocking MFT Mags™ at any retailer simple with the MFT Ammo Crate. The military-style crate is pre-loaded with 100 of their bestselling 30-round capacity 5.56 NATO MFT Polymer Magazines (SCPM556BAG). An additional 100 mags are stored in the bottom bin. Both crates arrive in one shipper carton. All retailers have to do is position the branded ammo crate in their store, pop the top and let the sales happen. Product sales information is included right on the ammo crate lid.

“The MFT Mags are one of our bestselling accessories and we wanted to provide our retailers with the convenience of an instant and effective sales display to promote these magazines in their stores,” David Edelman, vice president of Mission First Tactical said.

The new MFT Ammo Crates are available stocked with the MFT 30-rd mags. States with specific restrictions on magazine rounds, MFT has Ammo Crates for 10-rd and 15-rd MFT Mags. MFT Mags are engineered as an enhanced version of the standard STANAG design and is made in the USA. All MFT Mags come with a lifetime warranty. A MFT Mags features a stipple texture, low profile front ribs and a flared floor plate all to benefit easy and quick handling. The floorplate is rugged and tough and provides protection from drops. The floorplate also has a paint pen dot matrix area for easy identification marking. The magazine is compatible with tight double and triple magazine pouches and has a fully functional drain hole to ensure complete draining of the magazine body during extreme environmental conditions. It also features an oversized mag catch in the rear for enhanced reliability of the bolt-catch operation. A long-life stainless steel spring and 4-way, anti-tilt follower also ensure reliable and

consistent feeding. The military-grade, reinforced polyamide body makes for one of the most durable magazines on the market.
