

New Spotting Scope Case from SKB!

SKB's iSeries 1706-6BC Spotting Scope Case is molded of ultra high-strength polypropylene copolymer resin and features a gasket-sealed, water and dust tight, submersible design (MIL-C-4150J) measuring 17" x 6.5" x 6.5".

Additional standard features also include a molded-in hinge, patented trigger release latch system, comfortable, snap-down rubber over-molded cushion grip handle, automatic ambient pressure equalization valve (MIL-STD-648C), and resistance to UV, solvents, corrosion, fungus and impact damage (MIL-STD-810F). The latches can be retrofitted with TSA accepted locking latches for total security, and pick-and-pluck (cubed) foam ensures a precise fit for most spotting scopes up to 17", providing ultimate protection for optics in transit and in the field.

The 3i-1706-6BC Spotting Scope Case is made in the U.S.A. and backed by SKB's Unconditional Lifetime Warranty and \$1500 Content Coverage if damaged by an airline. Stop by SKB's booth #14505 at the SHOT Show or contact SKB Sports Sales at 800.654-5992 for more information.
