Klecker Knives Stowaway™ Tools and Carriers

Klecker Knives of Silverton OR, is proud to introduce its newest innovation, *Stowaway™ Tools and Carriers*. These compact, stainless steel, tools stowaway easily but are still rugged enough to handle tough jobs. Stowaway™ tools are designed as a customizable pocket sized toolbox for your everyday needs. Configure your Every Day Carry (EDC) each day in seconds, depending on what adventures you plan to tackle. Whether combing your hair, tightening a bolt or slicing a rope – you'll have the right tool at your fingertips wherever you go. Stowaway™ Tools are compatible with Klecker Knives' Stowaway™ Carriers as well as a wide variety of other carriers and fobs. (KeyBar, and other similar products)

Glenn Klecker: A military Veteran who led Marines in Desert Storm, Glenn took up knife and tool design after returning home. His passion lies in finding new and better solutions to life's problems. In addition to his knife and tool designs, he has designed products for many companies including Leatherman, Spyderco, CRKT, DPx Gear, Real Avid, Hasbro, Starbucks, Ford Motor Company and Crimson Trace. Glenn's innovative design skills are in high demand, but fortunately we have him all to ourselves.
