CEO

DEAR VIEWERS:

We are indeed pleased to present you our Law Enforcement products catalogue. We have tried our best to add new models with creative designs to meet the present market requirements. We would like to give you more information about our organization which was established in 1992. Vigour Corporation manufactures a wide range of Apparel & gloves for Law Enforcement / Tactical /Police / Military e.t.c.

As shown in our slogan "ADVANCED TECHNOLOGY PROTECTIVE WEAR", we are using latest materials imported from Europe & Asian Countries for the latest designs & demand of our markets, with a manufacturing facility & quality control unit, the company takes great care in manufacturing its products under the most rigorous quality standards with the help of latest equipment in sports goods industry, Where the whole manufacturing process is done under the strict and effective direct vigilance of the management Conformity to maintain the highest standard, dedication and stringent quality control had, of course, brought us to the peak level today.

But that is not enough for us. We are still striving to rise even higher just to serve you more effectively and sincerely. Vigour Corporation is known for exquisitely designed products across USA, UK, Europe and many other countries in the world. We have gradually earned the trust of many renowned Brands internationally. Today VIGOUR is a name synonymous with quality.

CHILD LABOUR:

Our products are "CHILD LABOUR FREE" for which we have made special arrangement by providing in-house facilities for our total product range. The companysout standing performance in customer satisfaction is reflected in its phenomenal growth of 100% over the past 27 years. We believe however that the best is yet to come as VIGOUR continues to strive for even better quality for customersworld wide. It is raising a voice against child labor and exploitation for local workers.

PRODUCT GUARANTEE:

We offer the lowest prices for the best products, which are also negotiable for bulk orders. We always stand guarantee for our products and any article found in consistent with the approved samples is replaced by us, as we believe in establishing long lasting business relations with our valued customers.

Description:

Riot Protection Suits protect the Law Enforcement personnel while controlling riots. New style lightweight police protective suits with enhanced features provide substantial protection to the whole body from heavy impacts. These suits are very easy to put on and take off in a moments notice. Front and back hard shell Poly carbonate.

They are mainly composed of:

- i) Hard poly carbonate plastic.
- ii) Shock absorbing padded layer made of embossed EVA foam.
- iii) Internally stitched EVA foam with polyester mesh.
- iv) Elastic straps with velcro for the perfect comfortable fitting and more flexibility.
- v) Detachable and adjustable protectors.

This product consists of the following parts:

- Trunk protector.
 - Biceps and forearms protectors set.
 - Thigh, groin and pelvis protector.
 - Knee, shin & ankle joints protectors.
- Total weight of this suit is about 4.50 kg/unit. Universal sizes which are fit for all.
