

The Mag Feeder is an AR-15 magazine loader capable of loading 30 rounds of 5.56/.223 or 300 Blackout into any AR-15 compatible magazine.

Features

- Made, Design, Assembled in the USA
- Folds in half for portability
- Works with all AR15/M4 magazines
- Securely grabs on to the magazine
- A fraction of the price of other magazine loaders on the market
- Loads 1 to 30 rounds with one stroke
- Safe for hands and magazine lips
- Magnetic operated to keep closed in your ammo can or range bag
- Magnetic pusher block to keep from falling out
- Chemical Resistant
- Allows for easy inspection of rounds prior to shooting
