

Clinger Holsters Recently Introduced the Most Affordable Kydex Holster in the Industry

September 15, 2015

Van Buren, AR - Clinger Holsters' primary focus is Deep Concealment. The fact that they also offer the most affordable Kydex holster in the market (the Atom Holster is just \$19.99) makes Clinger Holsters a very appealing option for Concealed Carry. The belt clip placement on the Atom Holster is very important in achieving that goal. The belt clip is mounted over the trigger guard on the Atom Holster. This puts the belt clip very close to the pistol grip, allowing the grip to be pulled in tight when you tighten your belt.

Clinger Holsters' secondary focus is having a small footprint (which also aids their primary focus of Deep Concealment). Some hybrid holsters wrap halfway around your waist. A lot of people don't find that too comfortable or convenient. Clinger Holsters does their best to ensure your gun takes up the least amount of space necessary. This is important when you consider that it is worn inside the waistband. Every Clinger Holster is very thin and streamlined.

Some other benefits to carrying your weapon in an Atom Holster are:

- Adjustable Ride Height
- Adjustable Retention
- Tuck-able Belt Clip
- Ambidextrous design
- Carbon Fiber Kydex
- Rust Free Hardware
- Full Kydex Shell Performance

Clinger Holsters placed the Atom holster at a price point that allows anyone in the concealed carry community to get a high quality Kydex holster. Now, Concealed Carry citizens don't have to choose between a cheap one-size-fits-all holster and a safe, high quality Kydex holster based on price. The Atom Holster by Clinger Holsters has an unbelievable price of only \$19.99.

More info on Clinger Holsters

Clinger Holsters was founded in 2014 with two primary design features: deep concealment & a small footprint. However because of their low prices, they are becoming just as well known for their bargain pricing.

Because Clinger Holsters sells so many holsters, they are able to get materials at extremely low prices. Those savings are passed along to the customer. This philosophy of "passing the savings along" has given Clinger Holsters the crown of "most affordable Kydex holsters available today".
