

# ATF violations can be prevented with basic education.

The most extensive Firearms Compliance Learning Management System (LMS) specifically designed to inform, educate and train firearm industry professionals from the Type 01 Dealer Clerk to the large Type 07 / 10 manufacturing Chief Compliance Officer. Packed with over 80 compliance modules, The Firearms Compliance University (FCU) is your online gateway to managing and growing your firearms business.

*"The ease of use of the Firearms Compliance University, the quality of the training, the affordability... this is the compliance training program the industry has been asking for."*

—A \$250 million firearms manufacturer
