21 GUN SALUTE DONATION

AS A TRIBUTE TO LAW ENFORCEMENT

Altor Corporation, the Arizona manufacturer of the unique Altor pistol, has just donated 21 Altor pistols as a 21 Gun Salute to Law Enforcement. These pistols will be given away free to qualified members of Law Enforcement in a partnership with American COP magazine.

Altor President, Alexander Malcolm, stated he did this since he was distressed about the recent backlash against law enforcement and the ridiculous demands to defund the police. The company chose to call this donation a "21 Gun Salute" since in 1812 that became the highest honor the US rendered to its heroes.

Altor Corporation has made this donation to honor our heroes in Law Enforcement!

The single shot Altor pistol is a great backup gun for Law Enforcement or as a stash gun at home. It is the lowest price pistol ever and is a low-price self-defense option for Realtors, students, and others who don't want to spend a lot of money. It is also a useful tool for veterinarians, farmers, ranchers, horseback riders, hikers, and other outdoor people. It is perfectly simple and simply perfect since it has only two parts to operate it. All parts are stainless steel or engineering grade polymer, and everything is made in the U.S.A.! It is the Lowest Price Pistol Ever!

For more information go to www.altorcorp.com or visit www.americancop.com to enter the drawing.
