TACTICAL DELUXE GRIP SERIES

The ERGO Tactical Deluxe Grip product series is experiencing long awaited expansions.

TDX-0 Tactical Deluxe Zero Angle

Now available in a standard beavertail along with the previously available flat top. The Flat Top has been acclaimed by precision shooters that have installed this grip on their chassis systems. The beavertail edition provides shooters with increased gripping surface area and padding to protect the webbing of the hand when used on a standard AR receiver. Keep an eye out in 2021 for the compatible plug release!!

- 4020 - TDX-0 Flat Top
- 4021 - TDX-0
- 4113 - TDX-0 Plug **COMING SOON!!**

TDX Tactical Deluxe

The classic form of our Tactical Deluxe has long been the shooters choice for those looking for something a little bulkier than standard AR grips have done. We are now happy to announce the availability of plug that is compatible with both the standard and Flat Top TDX grips. Take advantage of pre-orders now and reserve your supply of a long requested product!

- 4025 - TDX Flat Top
- 4045 - TDX
- 4112 - TDX Plug **PRE-ORDER NOW!!**

TDX Tactical Deluxe with Palm Shelf

An extended version of the TDX, this grip features a shelf that can be adjusted in height and angle to create the perfect resting position for shooters looking for a grip to help with accuracy or support. No plug is available for these models.

- 4035 - TDX Flat Top w/ Palm Shelf
- 4055 - TDX w/ Palm Shelf
