Mossy oak Leafy suit

SUPER LIGHTWEIGHT, LESS THAN 2 POUNDS

Made on a strong Breathable No-See-Um Liner, the 3d leafy suit is very breathable which makes it perfect for use in hot climates. It is also very portable and comes in its own zippered bag for easy transport and storage.

DOES NOT SNAG OR PICK UP DEBRIS

Unlike traditional ghillie suits, the 3D leaves do not catch onto branches, pick up twigs and stickers. This camo suit stays relatively dirt free, keeping you light on your feet. This suit is great for heavily wooded areas, areas with thick and tall brush. But it is also equally effective in open grass plains.

SOFT LARGE DYNAMIC LEAVES

Our detailed deep leaf cuts make the leaves stand out more, giving you more depth in your 3D profile. We use a special material that produces a soft yet firm leaf. This causes the leaves to protrude more but also allows them to sway in the wind giving you additional dynamic camouflage, and with the two sided printing, when a leaves move, you are still concealed.

CARRYING BAG INCLUDED, TWO PIECE JACKET AND PANTS SET

the Jacket has an attached hood with a draw cord to cinch up tight to your face, and elastic on the waist. Snaps keep the front closed. The pants have elastic cuffs, and an elastic waist with a locking draw cord.

JACKET HAS 2 ZIPPERED POCKETS

the Jacket has an attached hood with a draw cord to cinch up tight to your face, 2 zippered pockets, and elastic on the waist. Snaps keep the front closed. The pants have elastic cuffs, and an elastic waist with a locking draw cord.

- Lightweight Breathable No-See-Um Liner
- Easy Snap Closure
- Elastic Jacket and Pants Waist
- Locking Draw cord on Pants
- Draw Cord on Attached Hood
- Included Carry Stuff Bag
- Two Sided Printing
- Jacket has 2 zippered pockets

- Jacket has a zippered removable mosquito face mask
- Pants have zippered pockets
- Pants have belt loops
- 18" Boot zippers on the pant cuffs

Mossy Oak and Real Tree Face mask

ALL IN ONE

Full cover 3D camouflage leafy face mask. A generous opening that is convenient for people with glasses.

BENEFITS

Hunters move their head and hands more than any other body part. No matter how hard we try to stay still we still need to maximize our ability to stay undetected when that time comes when we do need to make a move. One advantage this 3D face mask has over camouflage face paint is its ability to break up your human outline. Face paint may help you blend into your surroundings but it doesn't do anything to eliminate the profile of your face.

IDEAL

So simple yet so effective. The mask itself is fully adjustable and the face mask also features two straps to help snug the mask to the back of your head. The metal nose piece contours the front to fit your nose. Then you use the two cinch straps to snug the mask to your face. When you're done just stuff the leafy face mask back in the included stuff bag. This is a great hunting accessory which can be worn when turkey hunting, stalking game from the ground or when still hunting from a tree stand.

SIZING

One size fits most - 2 adjustable straps - great for men, woman, kids

- Lightweight Breathable No-See-Um Liner
- Elastic face opening
- Bendable metal nose piece to secure to your face.
- 2 Draw Cords to cinch up to your head, chin
- Included Carry Stuff Bag
