4473 KIOSK SOFTWARE

Did you know that the most common violations during your ATF audits relate to mistakes on your ATF Form 4473?

January 7, 2021. Cervelle Software has released an integrated electronic 4473 software product that works seamlessly with Merchant Magic™ Point of Sale. This product will help FFL's remain compliant with the ATF requirements. The following features are built-in.

Reduce Your Risk by Using Our Electronic 4473 that comes with a Built-in Error Checker

-
- Customers fill Out their Section guided by an Easy-to-Use Wizard that doesn't allow questions to be skipped
-
- Look up 4473's and the corresponding bound book entries, multiple pistol/revolver report and receipt all at once lending itself to quicker audits.
-
- Uses the latest 4473 forms

Advantages of the Computerized 4473

- Legible
- 4473 Can be Reprinted
-
- Store Signatures
- Easy-to-Use
-
- Affordable!
- Run Multiple Kiosks At Your Store!
- Extensive Built-in Error Checking
- Dealer Side Autofilled
- Developed by Cervelle Software to SEAMLESSLY integrate with Merchant Magic™
-
