PowerMate®

The "Ultimate Solution" For Your Moving Needs..

- ◆ PowerMate has a bottom rubber guard on the heel plate that prevents slipping on steel, concrete, wooden or tile stairs. This also protects the customers' property from damage of marks and scratches, when moving heavy loads.
- ◆ PowerMate carries heavy loads on the large outer frame which is over 4" wide, not on the smaller 2" inner frame.
- ◆ PowerMate has strapbars bolted to the frame, which is for greater safety.

Power Lifts Up To 1500lbs

PowerMate®

Offering Accessories to Make The Job Easier & Safer..

Hook Box:

- Can be easily installed in Pick-up trucks to allow for safety when loading and unloading onto back of pick-up trucks.

Wheel Brakes:

- Wheel Brakes provide total safety on stairs allowing for full control and ease of handling even with the heaviest of loads.

PowerMate®

Additional Benefits..

- ◆ Does 100% of the lifting and is ergonomically designed to reduce physical effort used to move heavy loads by 87%.
- ◆ Reduces the chance of personal injury and resulting costs. (Averaging costs over \$29,000 per Incident)
- ◆ Differentiate yourself from your competitors.
- ◆ Increases job efficiency and productivity.
- ◆ Significantly lowers labor costs.
- ◆ Create referrals and repeat business.
- ◆ Fundamental on-site training.
- ◆ Best in Class post sales support.
