Rock River Arms Introduces New Fred Eichler Series Light Predator2L

Colona, IL - Rock River Arms, Inc.®, one of the industry's most respected names in Modern Sporting Rifles and pistols, announces their newest predator rifle, the Fred Eichler Series Light Predator2L featuring lightweight, carbon fiber handguards.

The new [Fred Eichler Series \(FES\) Light Predator2L](#) rifle with carbon fiber handguard is a lightweight and accurate predator rifle chambered in 223 Wylde accepting both 5.56mm & .223 Cal ammunition. A 16-inch lightweight fluted stainless-steel barrel offers impressive accuracy at long ranges, has a 1:8 twist and has been cryogenically treated and bead blasted for a no glare, professional finish. The FES Light Predator2L rifle features a special RRA Fred Eichler Series Brake, helping control muzzle lift and reduce muzzle flash and a RRA two stage match trigger provides a smooth trigger pull. This rifle is built for serious predator hunters and for those seeking a precision rifle capable of 1 MOA, straight from the factory.

The FES Light Predator2L achieves its lightweight abilities thanks to the new RRA Fred Eichler Series carbon fiber free float extended handguards. The handguards are custom designed with Fred's unique coyote paw prints and includes a full-length top rail. Also included with this predator rifle is a Hogue pistol grip, RRA Operator CAR buttstock, BCMGUNFIGHTER medium charging handle, hard case and lifetime warranty.
