

PRESS RELEASE

FOR IMMEDIATE RELEASE:

AllTerra Arms Announces Unprecedented Guarantee

The bolt-action rifle company's unconditional, money-back accuracy guarantee leads the industry.

December 2, 2021 - Boise, Idaho... AllTerra Arms is an Idaho-based manufacturer of precision bolt-action rifles with exclusive technologies. Their patented Bolt-to-Bore Alignment™, Dual-Lock Barrel Seat™ and .0005" machining tolerances create a rifle so accurate that AllTerra Arms stands behind every firearm with never-before-seen promises.

For accuracy, AllTerra Arms guarantees their rifles will shoot sub .25" 3-shot groups with their custom hand loads; and will shoot sub .5" 3-shot groups with premium factory ammunition. "That's bench-rest accuracy from a nimble, fast-action hunting rifle," reports Mike Schwiebert, AllTerra's Chief Marketing Officer.

Moreover, because of AllTerra's bolt-to-bore concentricity and the resulting ballistic harmonics achieved, they guarantee no significant change in accuracy or point of impact when shooting different bullet weights.

AllTerra Arms also guarantees their rifles will cycle in all conditions and never foul. They achieve this confidence through another patented technology called No-Fail Cycling™ which employs relaxed design tolerances between the bolt and receiver when working the action. When a cartridge is chambered, patented conical lugs engage a unique elliptical raceway, so the surfaces literally "self-clean" with every cycle and lock down to bench-rest tolerances.

If an AllTerra Arms customer is ever dissatisfied in his/her rifle's performance within 90 days from delivery, they may return it for a replacement or a full refund on rifles in original factory condition (no alterations or modifications) that include all accessories that came with it from the manufacturer (scope, mounts, case, bipod, ammunition, etc.). Any alterations or repairs done by anyone other than AllTerra Arms' service department will void the guarantee.

With each rifle purchase, AllTerra Arms provides customers with premium factory load data and/or custom loads that meet their accuracy guarantee. "Our goal is to have the best customer service in the industry so hunters and shooters can enjoy epic experiences with their AllTerra Arms rifle," says Schwiebert.

To learn more about the reasons for AllTerra Arms' unprecedented money-back guarantee, visit <https://www.allterraarms.com/the-allterra-difference-short-story/>. Customers are also invited to call the rifle maker any time at 208-608-5179.

AllTerra Arms is dedicated to providing shooters and hunters with patented rifle technology for unprecedented, guaranteed long-range accuracy and a premium shooting experience.
