HEATED APPAREL

A person wearing a red ski suit, goggles, and gloves is skiing down a snowy mountain slope. The background shows a vast, snow-covered mountain range under a clear sky. The person is in a dynamic pose, leaning forward and holding ski poles.

# CHALLENGE THE CLIMATE

At ORORO, we specialize in heated apparel for all walks of life.

We live by our mission and aim to ensure optimal warmth and comfort when any of our products are being used. The cold weather should never prevent anyone from participating in their favorite outdoor activities. Whether you enjoy hiking, tailgating, or simply walking the family dog, we want to open up endless outdoor possibilities for you!

We would love for you to share your experiences with us through comments or pictures. All feedback is greatly appreciated, as it helps us to identify that we are succeeding in our mission!

## THE WALL STREET JOURNAL.

Aol. Inc. 5000 INSIDER

*"These Heated Jackets Actually Work—And Charge Your Phone, Too."*

**- Wall Street Journal**

*"Its Still Cold Outside But You Can Warm Up With This Deal On A Heated Hoodie."*

**- Daily Caller**

*"A jacket with an actual heater built in and people are calling it a 'must have.'"*

**- Insider**

*"Either worn on its own or under an outer shell, the heated vest uses four carbon fiber heating elements."*

**- Trip Savvy**

*"That's one way to beat the cold snap! ORORO is selling SELF-HEATING jackets to keep you warm in winter for up to eight hours."*

**- Dailymail**

*"It is so soft and warm on its own and you got 3 levels to heat. You can even charge your phone with the same battery pack!"*

**- NBC Connecticut**

# ORORO TECHNOLOGY

## 3 HEATING ZONES

There are 3 heating zones in most of our apparel. The locations of the heating zones vary on the clothing styles to guarantee the ultimate heating performance.

## 4 HEATING LEVELS

The heating levels are fully adjustable with 4 unique settings: pre-heating, low, medium, and high. The heating levels can be adjusted by simply pressing the power button.

## UP TO 10 HOURS HEATING

With a fully charged ORORO battery pack, our products can heat up to 3 hours on the high setting, 6 hours on the medium setting, or 10 hours on the low setting.

## SAFE CARBON FIBER

The carbon fiber heating elements have been scientifically engineered with cutting edge technology. The carbon fiber can easily flex as your body moves, and even maintains rugged durability even after extended use in severe conditions.

## WIND & WATER RESISTANT

We adopted a tiered layer system for dynamic water and wind protection to keep you dry and warm in any wet or windy situation.

## MACHINE WASHABLE

Every ORORO heated apparel product is machine washable. Always remember to remove your rechargeable battery before washing.

# PREMIUM MATERIALS

The Responsible Down Standard (RDS) aims to ensure that down and feathers come from animals that have not been subjected to any unnecessary harm. RDS can be used to reward and influence the down and feather industry to incentivize practices that respect the humane treatment of ducks and geese.

America's #1 Camo Pattern. Crafted with the licensed Mossy Oak all-new Country DNA pattern featuring photo-realistic elements, you can use them for everything from cold backcountry hunts to other adventures.

3M™ Thinsulate™ is a form of synthetic fibers, thinner in diameter than polyester fibers that make up thermal and acoustic insulation. It is lightweight and used in the apparel industry that has many benefits such as flame resistance and water resistance. It helps trap heat generated from the body while allowing moisture to escape.

The YKK Fastening Products Group is trusted worldwide for their impeccable production standards and thorough quality control processes for their products. YKK zippers are prized in the garment industry for their impressive construction and reliability.

# BATTERY FEATURES

## 7.4V 4800MAH CAPACITY

Warm in 60 seconds, 10 hours of total warmth

## IMPROVED DESIGN FOR COMFORT

Lighter, thinner, and rounded corners

## USB TYPE-C CHARGING

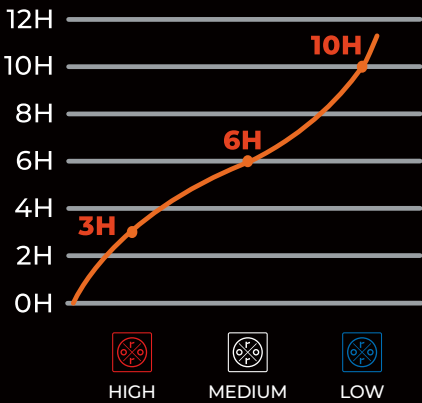

Compatible with most wall chargers and car chargers (car charger not included)

## UL-CERTIFIED SAFE

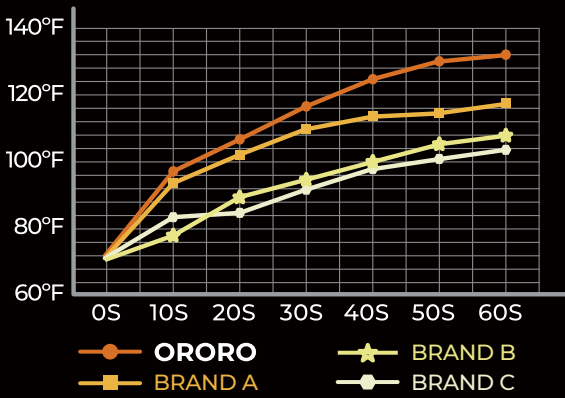

UL/CUL Certificate was issued in Mar 2021

# Heated Jacket

Originating from the Midwest, we are very familiar with extreme cold temperatures. ORORO started with the idea of a jacket that could provide warmth on even the coldest days of the year. This innovative idea developed into a product that could be used during any season without breaking the bank. This is the perfect jacket for anyone looking to stay warm during the fall, winter, or spring, while also remaining chic and fashionable.

# HEATING PERFORMANCE

- 3 carbon fiber heating elements generate heat across core body areas (left & right chest, mid-back).
- Adjust 3 heating settings (high, medium, low) with a simple press of the power button.
- Up to 10 hours of warmth depending on the setting (3 hours on high, 6 hours on medium, 10 hours on low).
- Heats quickly in seconds with a 7.4V UL/CE-certified battery.
- USB port for charging smart phones and other devices.

# Ultra Soft Fleece

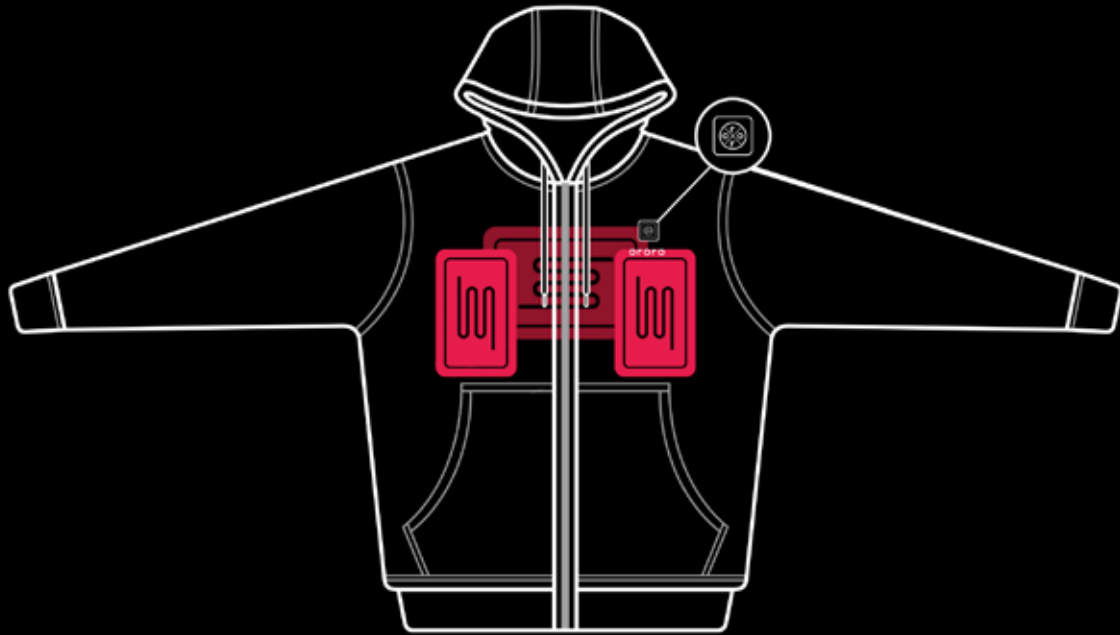

Maximize comfort, warmth, and style with the ORORO heated fleece collection.

Intended for daily expeditions, we designed the heated fleece collection to be ultra-soft, lightweight, and breathable to be your go-to jacket when cold weather strikes. The fleece collection can be used as a mid-layer under your coat when extreme cold hits or as a cozy standalone outerwear during cooler months. Whether you adore the softness of the fabric or crave the warmth of the heating elements enveloping you in cozy warmth, the ultra soft fleece collection is a must-have for any closet.

# HEATING PERFORMANCE

- 3 carbon fiber heating elements generate heat across core body areas (left & right chest, mid-back).
- Adjust 3 heating settings (high, medium, low) with a simple press of the power button.

## 5V/3A Charger for B20M Battery

### Specification

Voltage: 100V-240V (Worldwide)  
Input: 100-240V~50/60Hz 0.3A  
Output: 5V/3A  
Cable: Type-C Cable

### Features

Faster Charging  
CE/RoHS/TUV/ETL Certified  
Foldable US Plug

2323-206-0104

## 5V/2A Charger for B19G Battery

### Specification

Voltage: 100V-240V (Worldwide)  
Input: 100-240V~50/60Hz 0.3A  
Output: 5V/2A  
Cable: Type-C Cable

### Features

CUL/CE/RoHS Certified  
Foldable US Plug

2323-206-0100

## Gloves Battery Charger

### Specification

Voltage: 100V-240V (Worldwide)  
Input: 100-240V~47/63Hz 0.5A  
Output: 8.4V/1A  
Cable: DC Cable

### Features

CE/RoHS/UL/CUL/RCM/SAA Certified  
Removable US Plug with EU and UK Plugs

2323-205-0100

## Socks Battery Charger

### Specification

Voltage: 100V-240V (Worldwide)  
Input: 100-240V~50/60Hz 0.8A  
Output: 5V/6A  
Cable: DC Cable

### Features

CE/RoHS/FCC/cETLus Certified  
Foldable US Plug

2323-206-0102

## WHAT OUR CUSTOMERS ARE SAYING

My wife says its the best thing ever for living in a cold climate.

—— Joel.

Love these vests! Best out there on the market. Reliable and toasty warm!

—— Sandra D.

This heated vest is going to be a game changer for the hunting season this year! I tested it on low, med and high settings. Amazing how well this works.

—— Charles P.

I absolutely love this jacket! I recently moved from the South to the North and have been freezing. My daughter in law has one and recommended me getting one. We are fast becoming an ORORO family!

—— Julianna L.
