

TEX WAX™

Tex Wax is an authentic American heritage cloth, brought forward for today's rugged and fashion-focused styles. Our 9 different weight styles are widely used in apparel, bags, hats, equestrians blankets, rainwear, outdoor upholstery and hunting gear.

The durable cotton based fabric is treated with generations-old formulations of various grades and qualities of waxes. The Tex Wax formula imparts flexibility at cold and hot temperatures, water repellency and a high melt point.
