

Mission First Tactical Introduces New Leather Hybrid Holsters

Horsham, PA - (January 10th, 2023) - Mission First Tactical (MFT) manufacturers of state-of-the-art, USA made rifle/carbine accessories and holsters, is proud to announce the new Leather Hybrid line of holsters including: Appendix Inside Waistband (AIWB), Inside Waistband (IWB) and Outside Waistband (OWB) holsters.

The holster you choose to carry every day should be the best of both worlds; functional and comfortable. These Kydex[®]-style holsters are fused with genuine American full-grain leather and are the perfect everyday-carry holsters. With these Kydex[®]-style holsters you get the benefit of exact tolerances, secure retention and easy re-holstering with all of leather's comfort, style and feel. With the Kydex[®]-style holster, there is no break-in time required as compared to other traditional leather holsters and you will benefit from a much longer service life. To see more about the holsters [CLICK HERE](#).

These versatile AIWB, IWB, or OWB holsters are capable of use both in right and left-hand positioning, outside your waist band, inside your waistband or appendix carry. Each holster is made to precise tolerances and tailored for each model of handgun using the most advanced techniques and materials. Adjustable retention and the famous, audible "CLICK" makes each draw and re-holster smooth and secure. All models come standard with a 1.5" belt clip.

Features Include:

- Adjustable cant of 0-15 degrees
- 1.5" Belt clip
- Ambidextrous hole patterns for right or left-handed carry
- RMR Reflex sight compatible
- Sight Track compatible with suppressor sights etc.
- Molded, trimmed, assembled and buffed by hand
- Comfortable for constant wear
- Made in the USA at MFT facilities

We welcome dealers to join with MFT in representing their innovative products to the tactical and self-defense customers. MFT values these partnerships and relationships.

If you're looking to add MFT's industry-leading products to your sales portfolio, please visit info@mfttld.com for information on how to become a dealer.

MFT's point of purchase (POP) displays make it easy to add an assortment of their best sellers. They are easy to assemble and there is always free freight with a qualifying program. The unique and visually cool designs add to the look and feel of any shop. Their POP displays will tell the product's story to increase sales.

Founded by experienced retailers, MFT knows how to create and deliver products your customers want. Superior packaging highlights the item and helps the customer understand what its use is and how it's installed without the help of staff. Unlike most, MFT has the experience, understanding, and depth of product to provide combinations that maximize sales. Easy reordering, near-perfect fulfillment and customer service supports Dealers from start to finish. MFT adheres to a strict MAP policy which ensures healthy margins. All of MFT products are made in the USA and backed up with a Lifetime warranty. Sign up today!
